SPECIAL ACADEMIC PROGRAMS AND HONORS:

Latin honors: Latin honors accompanying the degrees of Bachelor of Arts, Bachelor of Science, and Juris Doctor are awarded in three grades according to the cumulative average. Summa cum laude, with Highest Honors, is awarded to the top 4.5 percent of the graduating class in each school; magna cum laude, with High Honors, is awarded to the next 9.5 percent in each school; and cum laude, with Honors, is awarded to the next 15 percent in each school. These percentages are based on the student's overall cumulative average.

Scholar of the College: Scholar of the College is a designation given at Commencement to exceptional scholars who have done independent work of the highest quality in their senior year under the supervision of scholars in their major field.

Advanced Placement: Advanced placement units are generally used to place students out of requirements but are not awarded as credit toward graduation. There are a number of ways to earn advanced placement units at Boston College including qualifying scores on College Board Advanced Placement (AP) exams, International Baccalaureate exams, British A Level exams, French Baccalaureate exams, college courses, as well as results from the German Abitur, the Swiss Maturite and Italian Maturita. Students earning 24 advanced placement units through any of the aforementioned methods are eligible to apply for advanced standing. If granted, credit for these courses would be applied to the student's transcript, accelerating his/her date of graduation by one year.

Undergraduate Transfer Credit: At Boston College, transfer credit is established on a course by course basis. Of the credit hours required for graduation, a maximum of 60 credits may be transferred from another college or university. Graduation terms are determined by the number of transferred credits. Transferable courses must have been completed at regionally accredited colleges or universities, and must be similar in content, depth, and breadth to courses taught at Boston College. In addition, a minimum grade of C must have been earned. A new grade point average begins with the commencement of a student career at the University, and reflects only work completed as a full-time undergraduate at Boston College. Upon admission, all summer courses must be approved in advance by the appropriate academic Dean.

Repeated Courses: All attempted courses including repeated courses and grades are noted on the transcript and all grades are averaged in the grade point average.

Disciplinary record: At Boston College, academic transcripts do not contain information about a student's disciplinary record. For information on conduct and discipline matters, please contact the Dean of Students at Boston College.
